

Habitat Celebrates 100th Home Dedication!

BREAKING NEWS!

On the morning of June 27th, Habitat for Humanity of St. Lucie & Okeechobee proudly hosted a historic milestone — our **100th and 101st home dedication ceremonies!** We gathered at our DeLeon Villas neighborhood to celebrate the accomplishments of two incredible local families: **The Ingram Family and The Benjamin Family.**

These two hardworking families have successfully completed all program requirements — including financial literacy and mortgage education classes, hundreds of sweat equity hours, and volunteer service. In return, they were each awarded the keys & mortgages to their very own affordable Habitat homes.

It was a moment of joy, gratitude, and renewed purpose. **Thank you to all of our supporters, volunteers, donors, and staff who made this moment possible.**

Here's to the next 100 homes!
